

More information on Polestar AWD Optimisation compatibility

Polestar Optimisation software with new all-wheel drive optimisation is available for certain non-hybrid Volvo cars built on the SPA and CMA platforms for the 2016 model year and onwards. The table below indicates which cars are compatible with the new AWD software upgrade. For more information, contact your Volvo dealer.

Polestar AWD SW	engine code	engine	2016	2017	2018	2019
